#### PETCHPLOYZ

# SUSTAINABLEfashíon

Sustainable fashion is a conscious choice to purchase clothing made eco-friendly from materials produced in a way that minimizes harm to the environment. It also involves the consideration of the social and economic impact of the fashion industry on the people involved in the production process. By choosing sustainable fashion, you are ethical and supporting environmentally-friendly practices that help to create a better future for our planet and its inhabitants.

## Art Therapy.

### Pop-up workshop

Art therapyis a form of psychotherapy that uses art as a medium for self-expression and personal growth. Through the creative process, individuals can explore their emotions, thoughts, and experiences in a safe and non-judgmental environment. Art therapy can be used to treat a variety of mental health issues, including anxiety, depression, post-traumatic stress disorder, and addiction. It can also be used with children, adolescents, and adults of all ages.

Art therapy can help individuals develop a greater sense of self-awareness, improve their communication skills, and reduce stress and anxiety. It can also provide a means for individuals to express themselves when they may be unable to do so through traditional forms of therapy. Overall, art therapy is a powerful tool for healing and personal growth, and can be an effective complement to traditional forms of therapy.
